

1. Title of learning activity

Real Training Certificate in Psychometric Testing, Assessment & Access Arrangements.

2. Main purpose or aim(s) of the learning activity (e.g. specific workforce development, continuing professional development etc)

Continuing professional development. Post qualification teacher education

3.	Envisaged or actual start date	Autumn 2015.		
4.	Methods of delivery (e.g. online, presentation, workshop)			

Fully online or blended online/face-to-face options are available.

5. Human resources to support learning - Learning Activity Leader, other Tutors/Assessors and highest qualifications					
Name	Learning Activity Role	Highest qualification			

Name	Role	Highest qualification
Alan Macgregor	Programme Director	MEd
Kate Fieldhouse	Course Leader/Tutor	МА
Miles Halliwell	Tutor	МА
Ash Rehal	Tutor	PhD
Tricia Eastgate	Tutor	МА
Jacky Ridsdale	Tutor	МА

## ACCREDITATION PROPOSAL FORM

6	arch Norria	Tutor		N40	1				
58	arah Norris	Tutor		MA	]				
6									
0.	6. Physical resources to support learning (e.g. accommodation and/or equipment etc, please add additional sheets as required)								
1.	A course manual is provi	ded for all delegates.							
2.	A course manual and wo	-	face-to-fac	e delegates.					
3.	Accommodation is provid	•		-					
4.	All delegates are provided with a login to an interactive website and are supported directly by a personal								
	tutor.								
7.	Admission requirements and	procedures (who are the aud	ience/target g	roup? How does recruitment/selection take pla	ce?)				
•	- Karanta akaratak karan a Car			follow do as with star					
Ар	plicants should have a firs	t degree or meet at least	one of the	following criteria:					
	<ol> <li>Hold QTS.</li> <li>Hold QTLS.</li> </ol>								
	<ol> <li>Hold QTLS.</li> <li>Be employed as a teacher in an FE, HE or in the private sector</li> </ol>								
	<ol> <li>Be employed as a te</li> <li>Be employed as an H</li> </ol>								
In e			s that are e	quivalent to a degree will be consider	ed.				
		,							
8.				determine the volume of credit that may be					
	associated with the learning ac a. Formal contact hours	tivity. As a guide 10 credits equ		<i>arning hours.</i> I contact hours (four days + two even	inas).				
	b. Estimated other relevant l	earning hours (e.g.		of tutor-supported study.					
	self-supported learning)			s of self-supported learning.					
				online version of the course is availab	ble				
			-	ormal contact hours. Broadly speaking					
			tutor-sup	ported hours are increased in line to	-				
				ate, i.e. 120 hours of tutor support +	180				
			self-supp	orted hours.					
	c. Total participant's learning	g hours (i.e. a + b)	300						
9.	Estimated numbers of learne	rs involved per cohort	20						
10.	Estimated frequency of coho	rt delivery (e.g. only once	Approxim	nately eight to ten cohorts per year. O	nline				
	per year, quarterly etc.)		option ca	n commence at any time.					
11.	Learning outcomes: Identify what the participant who successfully completes the activity will know and be able to do. This will be								
	vital in determining the academic level at which learning is taking place. (please add additional sheets as required)								
	Knowledge and understanding								
1.	1. Critical understanding of the role and purpose of psychometric testing in education.								

2. Critical understanding of, and sensitivity to, legislation and regulatory frameworks which impact on the equality of access to educational opportunity, assessment and examination.

## <u>Skills</u>

- Demonstrate effective assessment skills, including planning, execution, synthesis of disparate information and response to unforeseen circumstances to achieve consistent and accurate results on all occasions.
- 4. Demonstrate knowledgeable, accurate and creative feedback to clients in a way that is understood by the client and is likely to lead to effective intervention and change both generally and in the context of examinations.
- 5. Critically examine and analyse equality legislation and the background of special educational needs and disability factors that have helped shape contemporary approaches to access arrangements.

## 12. Assessment of the specified learning outcomes (please add additional sheets as required)

a. Detail method(s) used (e.g. report, presentation, project)

The CCET portfolio of evidence of competence will be submitted as a 75% contribution to the CPT3A course. This will therefore be considered to be equivalent to approximately 4500 words. This represents a systematic and comprehensive understanding of the role and application of psychometric instruments in an educational context. The notional word equivalence of 4500 words to include written, video and practice evidence. The portfolio also meets the competence and standards requirements of the British Psychological Society and will allow the candidate to join the BPS Register of Competence in Educational Testing. (Learning objectives 1, 3 & 4)

The CCET portfolio will include:

- 1. Written demonstration of knowledge and systematic understanding of the principles of psychometric testing
- 2. Critical evaluation of theories of intelligence and their impact on the development of psychometric tests
- 3. Video evidence of skill in test administration
- 4. Comprehensive written evidence of ability to synthesise and interpret data and to feedback to a client in a meaningful and age appropriate way
- 5. Video evidence of ability to synthesise and interpret data and explain it to a client in terms understood by the client.

The remaining 25% (1500 words equivalence + MCQ) will be achieved by the following:

- 1. A multiple choice questionnaire on the legislative framework that impacts on access arrangements (Learning objectives 2 & 5)
- 2. A practice analysis of the needs of an individual and the necessary accommodations required to allow that individual to demonstrate his or her knowledge, skills and achievements. It will entail a thorough and systematic assessment of a student's needs and subsequent identification of precise required access arrangements in a public examination (1500 words). (Learning objectives 3 & 4)
